Word of Life Lutheran School is committed to providing a high-quality educational program in an environment where Christ prevails, where a child's human and spiritual needs are met, and where love, dignity, and professional accountability are valued, promoted, and implemented.

More than 14 billion pencils are produced in the world every year. That's enough pencils to circle the globe 62 times.

The average pencil can write 45,000 words or draw a line 35 miles long.

An average-sized tree might make about 300,000 pencils.
